

## Every dollar counts!

Music Theatre of Madison is committed to bringing contemporary musicals to south central Wisconsin. We use musicals not just as entertainment, but as an educational tool, enabling us to see the world through someone else's eyes.

We know that in 2009 every dollar counts. That is why our sponsorship program offers maximum exposure for your business at a minimal cost. Your dollars will be put to work supporting our productions as well as school programming, including lectures, field trips and special performances.
